Following the Medicine Show's deluxe reissue in 2025, more unreleased rare recordings from The Dream Syndicate's awesome 'Medicine Show' era, circa 1983-84. Featuring rehearsals and live out-takes including a wayward take on Dylan's 'Knocking On Heaven's Door' plus the anti-war opus 'Morning Dew', featuring producer Sandy Pearlman on guitar. "Dense with songs of violence, paranoia, lurking evil, and Karl Precoda's uncanny guitar." (Uncut) 1500 copies.

*In uscita per il RSD2026 il 17 aprile LP a 39.90€*
