

The Mission, one of the most successful and influential British rock bands of the 80s, return with their first new studio album with the hugely anticipated release of Songs For Kith And Kin. Huge in scope and sound, it not only recalls the grandeur of early, global hit albums but has the wisdom and stateliness that comes with experience and a renewed zest for life. The 15 track double album weaves, until its beautiful and deeply moving conclusion with the poignant 'The Last Leaf On The Tree', Songs For Kith And Kin is a tour de force.
