

Sono passati più di 15 anni dal primo capitolo di Genesis Revisited: è tempo per il leggendario chitarrista dei Genesis di approdare a un secondo capitolo di questa sua personalissima rivisitazione del catalogo della più grande Progressive Rock band di sempre. Per "Genesis Revisited II" Hackett ha fatto le cose ancora più in grande che di solito.

Il disco esce infatti in doppio CD e quadruplo LP con un totale di 145 minuti di musica. Fra i numerosissimi ospiti (oltre 35) troviamo Steven Wilson dei Porcupine Tree, Mikael Akerfeldt degli Opeth, Simon Collins (figlio di Phil), Conrad Keely dei Trail Of Dead, Neal Morse, Steve Rothery dei Marillion, Roine Stolt dei Flower Kings e moltissimi altri.

CD n vendita da Disco Club a partire da martedì 23 ottobre 2012 al prezzo di 21,90 €
