

WILD HORSES - STANDING OUR GROUND: COMPLETE RECORDINGS 1978-1981

Scritto da addetto stampa

Venerdì 16 Gennaio 2026 10:17 -

Complete remastered editions of the two studio albums from the short-lived hard rock outfit Wild Horses. Plus 2025 remixes and a treasure trove of rarities, including singles, B-sides, live tracks, remixes and demos. Wild Horses originally formed in 1978, when guitarist Brian Robertson left Thin Lizzy after the legendary 'Live And Dangerous' record, and bassist Jimmy Bain left Rainbow following the double live 'On Stage' album, joining forces to create this melodic, hard rock supergroup. Originally featuring drummer Kenney Jones (Faces, The Who) and guitarist Jimmy McCulloch (Wings, Stone The Crows), the line-up stabilised when Robertson and Bain were joined by drummer Clive Edwards (Uli Jon Roth, UFO, Pat Travers) and multi-instrumentalist Neil Carter (UFO, Gary Moore).
